**PIEDMONT COMMUNITY COLLEGE
ORGANIZATION CHART
As of September 2010**

MISSION for North Carolina Community College System

The mission of the North Carolina Community College System is to open the door to high-quality, accessible educational opportunities that minimize barriers to post-secondary education, maximize student success, develop a globally and multi-culturally competent workforce, and improve the lives and well-being of individuals by providing:

- Education, training and retraining for the workforce including basic skills and literacy education, occupational and pre-baccalaureate programs.
- Support for economic development through services to and in partnership with business and industry and in collaboration with the University of North Carolina System and private colleges and universities.
- Services to communities and individuals which improve the quality of life.

(Revised and adopted September 2006)

NCCCS Strategic Planning Preparation

2009-11 Strategic Plan: Preparation of the 2009-2011 Strategic Plan is slated to commence pending an organizational review by incoming NCCCS President, Dr. Scott Ralls.

**Piedmont Community College
Mission & Value Statements**

Piedmont Community College enriches lives by providing lifelong learning, educational and training programs for today's global workforce, and cultural opportunities for Person and Caswell Counties.

The College accomplishes its Mission as it embraces the following values:

Learning/Teaching

The College enables creative teachers, through critical thought, not only to teach the learner but also to learn from the learner.

Economic Development

The College acts as a catalyst by providing leadership and state-of-the-art education and training for economic and workforce development.

Accessibility

The College provides affordable and accessible education and training.

Diversity/Globalism

The College builds understanding and appreciation of diverse cultures and helps students understand their roles as global citizens.

Ethics

The College values the principles of personal ethics, integrity, academic honesty, civic responsibility, and accountability.

Resources

The College provides lifelong learning, cultural opportunities, youth outreach, civic service, and public spaces.

Service

The College serves the community by supporting its needs and goals.

**Piedmont Community College
2009-2010 College Goals**

- I. **Increasingly Competitive Market:** To be actively involved with Person and Caswell County businesses, industries and citizens in growing the economy in the College's service area and enhancing the level of workforce preparation.
 - A. Partner with business and industry to ensure that today's educational programs meet current and future workplace skill requirements.
 - B. Develop and support entrepreneurship in the College's service area.
 - C. Partner with economic development efforts that affect the service area.
 - D. Identify the gaps in workforces training and develop programs to meet those needs.

- II. **Address Changing Demographics:** To meet the needs of diverse learners through innovative programs, services, and delivery methods.
 - A. Continue to be responsive to all constituencies in program start-up and delivery.
 - B. Utilize local, regional, statewide, and national partnerships to address the educational and skill-development needs of learners.
 - C. Implement strategies that promote and increase learner participation, retention, and success especially in underserved and underachieving populations.
 - D. Identify changing population segments and provides services and programs to meet their needs.

- III. **Institution Wide Accountability:** To identify expected outcomes; assess the achievement of the outcomes; and provide evidence of improvement based on the results.
 - A. Ensure accountability in the use of College resources through an active planning and assessment process.
 - B. Assess and develop strategies to meet the State of North Carolina accountability initiatives (Performance Measures, Business Continuity Plan, expanded auditing functions, etc...).

- IV. **Fiscal and Human Resource Accountability:** To account for and equitably distribute resources and continuously analyze allocations in order to fulfill the College's Mission
 - A. Develop supplemental funding through aggressive pursuit of grant opportunities and partnerships.
 - B. Equitably allocate available funds to the faculty and staff to achieve a competitive level of compensation.

- C. Provide professional development opportunities for faculty and staff to meet the needs of the College now and in the future.
- D. Continue sufficient enrollment to support the growth of the College.
- E. Secure adequate funding to implement the Facility Master Plan in a timely manor.
- F. Secure adequate local funding to better support operation of campus facilities.

V. **Technology:** To assure the effective and efficient use of technology in instruction and support services

- A. Acquire and maintain state-of-the-art equipment and facilities to support educational programs.
- B. Develop a comprehensive long range Technology Plan that addresses infrastructure and technology needs.
- C. Continue implementation of the Datatel Colleague System to full operational level and migrate to Release 18.

Performance Measures

In February 1999, the North Carolina State Board of Community Colleges adopted 12 performance measures for accountability. This action was taken in response to a mandate from the North Carolina General Assembly to review past performance measures and define standards of performance to ensure programs and services offered by community colleges in North Carolina were of sufficient quality. In the 2007 Session, the General Assembly approved modification to the North Carolina Performance Measures and Standards as adopted by the State Board of Community Colleges on March 16, 2007. As a result, the number of performance measures was reduced to 8.

Piedmont Community College
 Summary Report of **2010 Performance Measures**
 (Data collected from Fiscal Year 2008-2009)

Measure	Standard	2008-2009
1. Progress of basic skills students.	75% of students will progress in level, complete level, advance in level or complete goal.	Met Standard 92%
2. Performance of college transfer students at UNC institutions.	83% of students completing the college transfer associate degree of 24 hours will have an overall GPA of 2.0 or higher after completing one academic year at UNC.	Met Standard 90%
3. Passing rates for licensure & certification exams.	An aggregate institutional pass rate of 80% for all first-time takers, plus no passing rate falling below 70% for any single exam	Met Standard 89%
4. Passing rates of students in developmental courses.	70% student pass rate for developmental courses.	Met Standard 76%
5. Success rate of developmental students in subsequent college-level courses.	No statistically significant difference in the proportion of developmental students compared to non-developmental students who obtain cumulative GPAs of 2.0 or higher in subsequent college-level courses.	Met Standard 86%
6. Satisfaction of former students who did not complete their program.	90% of respondents to the survey will report satisfaction with the college's programs and services (Met Standard 100%)	Met Standard 99%
Satisfaction of graduates.	95% of respondents to the survey will report achievement of goals (Met Standard 98%)	
7. Curriculum student retention, graduation and transfer.	60% of cohort will graduate or be enrolled (curriculum or extension) the following Fall Semester.	Met Standard 71%
8. Business/Industry Satisfaction with Services Provided	85% of Business and Industry surveyed will report satisfaction with services provided	Met Standard 92%

PIEDMONT COMMUNITY COLLEGE FOUNDATION, INC.
2010-2011

Purpose

Since 1978, the *Piedmont Community College Foundation, Inc.* has been providing critical support for programs that enhance the quality of education for students and expand educational opportunities for the communities the College serves. The Foundation is a non-profit, charitable corporation, organized under Section 501 (c) (3) of the Internal Revenue Code.

A gift to the Piedmont Community College Foundation is an investment in the quality education of our students and the vitality of our communities, both now and in the future. It is an investment that will pay dividends for generations to come. Gifts and contributions are tax-deductible.

Currently, a twenty-eight member Board of Directors comprised of community, business, and industrial leaders oversees the programs and activities of the Foundation.

History and Progress

The Piedmont Community College Foundation, Inc. has made tremendous strides since 1978. The growth of the organization is reflective of the support that the community has given to Piedmont Community College and the vital role that the College serves in the community.

Accomplishments over the past thirty two years include the following:

- Scholarships totaling \$1,577,586 have been awarded to 2517 students. For the 2009-2010 academic year, 122 scholarships were awarded in the amount of \$99,199.03. Businesses, industries, civic organizations, individuals, Person County Partnership for Children, and the President's Club membership fund these scholarships.
- Provided 258 awards for professional development of the PCC faculty and staff totalling \$52,801. For the 2009-2010 academic year, 10 recipients participated in this program.
- The Timberlake Art Gallery, dedicated on December 11, 1987, was established through the generous contribution of the family of Casper and Ella Timberlake. The Timberlake family donated numerous Bob Timberlake prints, which are on display in the Gallery and in Building A on the College campus for the appreciation of the students and the community. In celebration of Bob Timberlake's 35th Anniversary and the 35th Anniversary of Piedmont Community College, the College hosted an originals exhibition during the month of June 2005.
- Friends of the College activities are a continuing program to acquaint the community with the College and to recognize outstanding "friends".

- Provided \$264,090 over seventeen years for 146 projects on the Person and Caswell County Campuses. These projects are funded based on proposals submitted by members of the faculty and staff for on campus student support activities.
- Project BEST (Books to Educate Students Today for Tomorrow) provided over \$13,726 for library books and resources to support the academic programs.
- The Twenty First Annual PCC Foundation Golf Classic raised over \$13,000.
- The James J. Woody Walkway, established in April of 2001, and the Caswell County Walkway, established in 2005, continue to be a successful fundraisers for the Foundation. As an ongoing fundraiser, the walkways provide alumni, individuals, organizations, businesses and industries the opportunity to recognize special friends. Profit from the walkways is being used to support the many programs of the Foundation.
- The 2010 Campus Fund Drive raised over \$32,000 to support programs and activities of the Foundation.
- The Student Incentive program which encourages students graduating from the College's GED program to continue their education in a degree/diploma program assisted 22 students during the 2009-2010 academic year.
- Three outstanding PCC students served as Ambassadors during the year. They attended College and Foundation functions and provided assistance upon request by the faculty and staff. The Foundation provided \$6,000 in scholarships for the Ambassadors.
- There are fifty-six members of the Heritage Society (scholarship endowments).
- The Foundation budgeted \$9,000 for teaching excellence awards in 2009-2010. Three faculty members were awarded \$1,500 cash awards for their projects. In addition to the cash awards, these faculty members received \$1,500 for program expenses. A fourth faculty member was awarded \$500 cash awards for his projects and an additional \$500 for program expenses.
- The Foundation budgeted \$3,000 for Staff Excellence awards in 2009-2010. Two staff members were awarded \$750.00 cash awards. In addition to the cash awards, these staff members received \$750.00 in program expenses.
- The Foundation has spearheaded the formation of an alumni relations program. The Piedmont Community College Alumni Partnership was formed in December of 2004. The program encourages alumni to serve, share and support the College. Please see the following section for more details.

Trust Fund: \$1,043,228
Total Assets of the Foundation: \$1,149,827

The President's Club

The President's Club is comprised of a broad spectrum of leaders in the business, industrial, and private sector from Person and Caswell Counties and the surrounding area. These members have joined together to provide support to insure the quality of educational programs and services made available to the community through Piedmont Community College.

The President's Club was organized with 25 members in 1981 to support the work of the Foundation. At the end of the 2009-2010 fiscal year, the membership stood at 148 members. The President's Club meets quarterly with the President of the College and members of the Foundation Board of Directors to provide assistance in meeting the ongoing needs of the College and the community. Annual membership is \$275. Lifetime memberships are available for \$2750.

The 2009-2010 membership by area was Caswell County, 15; Person County, 121; and surrounding areas, 12. In addition, 40 of these members are PCC faculty and staff.

Piedmont Community College Alumni Partnership

The Piedmont Community College Alumni Partnership was established in 2004 to strengthen the relationship with alumni. Alumni are the College's largest constituency group. The vision of the alumni relations program is to integrate alumni into advocacy and advisory roles where alumni are visibly leading the way in serving, sharing and supporting Piedmont Community College. A 24-member Cabinet comprised of alumni oversees the programs and activities of the Partnership.

Alumni Partners are defined as individuals who have enrolled in and successfully completed a course (curriculum or continuing education) or program of study (certificate, diploma or degree) at Piedmont Community College. There is no charge to become an Alumni Partner.

For a minimal donation, Alumni Partners receive a benefit card which gives them discounts to twelve local businesses. Partners also enjoy event such as reunions and socials. All Alumni Partners are sent informative newsletters and have opportunities to volunteer at the College through tutoring, serving on advisory committees and assisting with events. Special activities for 2009-2010 include the distribution of gifts to graduates, an Alumni Social, two Student Exams Breaks (one on each campus) and a Veterans' Day Celebration.

Administrative & Business Services

2010 General Control and Auditing

The regular annual audits are conducted by certified public accountants from the Office of the State Auditor of North Carolina. The audit is conducted in accordance with the requirements of the Single Audit Act of 1984 (Public Law 98-502) and the provisions of the Office of Management and Budget circular A-133 "Audits of State and Local Governments."

The annual audit is performed at the College's campus in Roxboro, North Carolina pursuant to authority granted to the State Auditor by the General Assembly of North Carolina in General Statute 147, Article 5A. The financial aspect of the engagement is governed by generally accepted accounting principles for colleges and universities. The compliance element involves the Constitution and General Statutes of North Carolina and the rules and regulations of federal grantor agencies and central state agencies involved with fiscal administration.

The purpose of the audit is to:

- 1. Express an opinion on the general purpose financial statements covering all funds under the authority of the college's board of trustees;**
- 2. Express an opinion on the schedule of federal financial assistance;**
- 3. Evaluate the college's internal control structure; and to**
- 4. Determine compliance with applicable state and federal laws, regulations, policies and procedures.**

2010 General Control and Auditing

SOURCE OF FUNDS	METHOD ACQUIRED	PURPOSE (USE) OF FUND	LIMITATIONS/CONTROLS
Local - Person County	Request of Person County Board of Commissioners	Operation and maintenance of physical facilities, telephone, fuel, electricity, water, legal fees for Person County campus, President's salary supplement.	Trustee – approved budget. Current and capital funds cannot be commingled.
Local - Caswell County	Request of Caswell County Board of Commissioners	Operation and maintenance of physical facilities, telephone, fuel, electricity, water, legal fees for Caswell County campus.	Trustee – approved budget. Current and capital funds cannot be commingled.
State – Current	Formula allotment based on FTE earned in previous fiscal year.	Administrative, teaching and support salaries, travel, supplies, postage, equipment repair, computer software maintenance, printing and binding, advertising, institutional support.	Original formula budget is allocated from the North Carolina Community College System in purpose/function categories based on the size of the institution; categorical projects approved projects and FTE earned in curriculum and continuing education programs. The purpose/functions are: 110 Executive Management, 120 Financial Services, 130 General Administration, 140 Information Systems (Administrative), 150 Staff Development, 210 Certificate, 220 Associate Degree, 230 Diploma, 240 Transitional, 310 Occupational Education Instruction, 311 Occupational Education Support, 321 Adult Basic Education/English as a Second Language, 322 Adult High School and GED, 323 Compensatory Education, 331 Community Service, 350 Human Resource Development, 361 New & Expanding Industry Training, 363 Small Business Centers, 364 Focused Industrial Training – State Appropriation (FIT), 410 Library/Learning Center, 421 Curriculum, 422 Continuing Education, 423 CED Special Allotment, 430 Information Systems (Academic), 450 Technology - HB275, 510 Student Services, 530 Child Care, 600 Plant Operation and Maintenance, 920 Equipment, 921 Equipment HB275, 930 Books.

2010 General Control and Auditing

SOURCE OF FUNDS	METHOD ACQUIRED	PURPOSE (USE) OF FUND	LIMITATIONS/CONTROLS
State - Current			The funds are further defined as the following objects: 1) Salary and fringes, 2) Other Costs. Any transfer of formula or categorical monies from one purpose/function or one object group to another must be justified on a DCC 2-4 and approved by the State Board of Community Colleges (See Attachment II).
State – Equipment	Formula allotment based on FTE earned in previous fiscal year.	Educational equipment, office furniture, computer hardware, library books and AV software.	Non-transferable and must be spent within two years. All equipment is controlled through fixed asset inventory and tagged serial numbers.
State - Construction	Formula allotment based on space utilization and FTE growth. Special “Pork Barrel” allotments.	Building projects specifically approved and directed by the North Carolina Community College System and the County Commissioners.	All invoices must be approved by NCCCS prior to payment.
Federal	Grant Application	Various, per guidelines set by funding agencies.	Quarterly Federal Cash Transaction Reports filed with ED Program Financing Branch; assorted program performance and financial reports.
Institutional	Student fees, profits from cafeteria, bookstore,	Various, per approval of Board of Trustees.	Any unbudgeted expenditures require President’s approval.
Foundation	Management Development Center, Day Care Center, etc.	Scholarships approved by College Foundation Board of Directors.	External audit conducted by CPA’s.
Tuition Payments	Gifts Student Fees	None	All tuition payments collected from students are immediately remitted to the North Carolina Community College System for the General Fund.

FULL-TIME PERSONNEL LISTING

January 2011

(Year indicates start of full-time association with PCC)

Abbott, Chelsea N. (2006)
Instructor, Digital Effects and Animation
Technology
B.S.-East Tennessee State University

Allmond, Heather A. (2010)
Instructor, Mathematics
B.S.-Meredith College
M.A.-The University of North Carolina at
Greensboro

Armstrong, Tonia S. (2000)
Instructor, Criminal Justice Technology
B.S.-Averett College
M.S.-University of Wisconsin-Platteville

Ashley, Alicia E. (2004)
Secretary to the Dean, General Education
and Developmental Studies
A.A.S.-Piedmont Community College

Avery, Ernest L. (1999)
Technical Services Librarian
B.A.-East Carolina University
M.L.S.-East Carolina University
Certificate of Advanced Study in Library and
Information Sciences-University of
Pittsburgh

Bane, Peggy W. (2003)
Secretary, Dean of Learning Resources
Centers and Distance Education
A.A.S.-Danville Community College

Barker, Sheila P. (2008)
Custodian

Barnes II, Donald A. (2008)
Academic Computing Support Technician
A.A.S.-Piedmont Community College
Cisco Certified Network Associate (CCNA)

Barnes, William R. (1995)
Vice President, Administrative Services
B.S.-The University of North Carolina at
Chapel Hill
Masters of Economics-North Carolina State
University
C.P.A.-Certified Public Accountant, State of
North Carolina

Bartlett, Mary Y. (2003)
Secretary, Dean of Student Development
A.A.S.-Piedmont Community College

Bartlett, Walter C. (2009)
President
B.S.-Southern Illinois University at
Carbondale
M.I.E.-North Carolina State University
Ph.D.-The University of North Carolina at
Greensboro

Bass, Vanessa L. (2001)
Reference Librarian
B.A.-Meredith College
M.L.S.-North Carolina Central University
M.A.Ed.-University of Phoenix

Beeker, L. Adelaide (2008)
GED Chief Examiner/LEIS Coordinator
B.S.-Appalachian State University
M.A.-East Carolina University

Bell, Gretchen M. (1976)
Dean, Learning Resources Centers and
Distance Education
B.S.C.-North Carolina Central University
M.A.-North Carolina Central University

Bennett, Gloria J. (2001)
Instructor/Coordinator, Academic Success
Center
A.A.-Brevard College
B.A.-University of Central Florida
M.S.-University of Houston at Clear Lake

Bent, Douglas (2005)
Instructor, Electrical/Electronics and Facility
Maintenance Technology
Certificate-Piedmont Community College
A.A.S.-Piedmont Community College

Beshears, Suzanne C. (1999)
Instructor, Early Childhood Associate
B.S.-The University of North Carolina at
Greensboro

Bigelow, Cynthia S. (1991)
Interim Director, Student Support Services
B.B.A.-North Carolina Central University

Blackwell, Jody B. (2009)
WorkKeys
Administrator/Counselor/Instructor,
HRD/WIA

Blackwell, Jr. Marcus N. (2007)
Lead Teacher, Child Development Center
A.A.S.-Piedmont Community College
B.S.-The University of North Carolina at
Greensboro

Bowen, Karen W. (2006)
Director, Grants
B.S.-Penn State University Park
M.L.S.-Rutgers the State University of New
Jersey New Brunswick Campus
Ed.D.-Virginia Polytechnic Institute and
State University

Bradsher, Judy S. (1998)
Dean, Technical and Occupational Programs
B.S.-The University of North Carolina at
Greensboro
M.Ed.-Averett University

Brandon, Tracey P. (1994)
Business Development and
Entrepreneurship Center Assistant
A.A.S.-Piedmont Community College

Brann, Karen S. (2008)
Coordinator/Counselor, HRD/WIA
A.B.-Elon University

Brown, Deborah M. (1999)
Learning Resources Center Associate
A.A.S.-Anderson College
B.S.-Liberty University

Brown, Edna H. (2003)
Academic Success Center/Academic
Computing Support Technician, Caswell
County Campus
A.A.S.-Alamance Community College
A.A.S.-Piedmont Community College
Master CIW Designer
Microsoft Office User Specialist in Excel
(MOUS)
Network+ Certification
i-Net+ Certification
A+ Certification
Microsoft Certified Systems Administrator
on MS Windows 2000
Microsoft Certified Professional

Bryant-Allen, Tina L. (2008)
Director, Research and Institutional
Effectiveness
B.A.-University of Florida
M.Div.-Shaw University

Carter, H. Jack (1999)
Instructor, Carpentry – Correction
Education
Diploma-Technical Institute of Alamance
General Contracting License, State of North
Carolina

Cartwright, Keith B. (2008)
Outreach Counselor I, EOC
B.S.-North Carolina Agricultural and
Technical State University

Continuing Education Report on Operations 2009-10

Purpose of Continuing Education

The mission of the Continuing Education Division is to serve as a catalyst for economic development by providing citizens within the College’s service area with quality programming that identify and deliver educational programs and training that meet the educational needs for professional and personal development and to provide training for area businesses, industries, and governmental agencies.

ADULT BASIC SKILLS PROGRAM

The Adult Basic Skills Program provides quality educational services to meet adult students’ needs through the following programs:

- Adult Basic Education
- General Educational Development (GED) Preparation
- English as a Second Language (ESL)
- Workplace Basic Skills
- Alternative Education (16-18 year-old students referred from public schools)

Adult Basic Skills Programs	06-07	07-08	08-09	09-10
Unduplicated Enrollment	1,383	1,049	1,071	1,115
GED Graduates – June	162	166	177	137
FTE	164	166	170	172
Fiscal Year Expended Budget (ABS Block Grant)	579,187	586,231	625,392	647,745

*Enrollment and FTE numbers are for Summer, Fall and Spring Semesters.
Source of data: End of Semester Reports for FTE and NCCCS Data Warehouse for Enrollment.
GED Graduates from ABS Annual Report.*

OCCUPATIONAL EXTENSION PROGRAMS

Occupational Extension courses are short-term courses designed for the specific purposes of training an individual for employment, upgrading the skills of persons presently employed, and retraining others for new employment in occupational fields.

Occupational Extension Programs	06-07	07-08	08-09	09-10
Unduplicated Enrollment	3,364	3,340	2,827	3,039
FTE	280	256	309	422
Expended Budget	\$727,048	\$744,211	\$862,460	\$1,058,880

*Enrollment and FTE numbers are for Summer, Fall and Spring Semesters.
Source of data: End of Semester Reports for FTE and NCCCS Data Warehouse for Enrollment.*

OCCUPATIONAL EXTENSION-SELF-SUPPORTING

Occupational extension self-supporting courses are short-term courses that are occupational extension in nature, but due to the focus of the course must be funded by participants in the course. Many of these courses are for personal development.

Occupational Extension - Self Supporting	06-07	07-08	08-09	09-10
Unduplicated Enrollment	75	143	164	183
Non-Budget FTE	8	4	5	5

Source of data: Enrollment and FTE numbers are for Summer, Fall and Spring Semesters.

COMMUNITY SERVICE COURSES AND SELF-SUPPORTING PROGRAMS

These courses and programs are designed to develop the vocational interests of students.

Community Service Courses and Self-Supporting Programs	06-07	07-08	08-09	09-10
Unduplicated Enrollment	98	312	220	80
Non-Budget FTE	5	7	6	2

*Enrollment and FTE numbers are for Summer, Fall and Spring Semesters.
Source of data: End of Semester Reports for FTE and NCCCS Data Warehouse for Enrollment.
Community Service Programs were no longer funded after June 30, 2009.*

CUSTOMIZED TRAINING PROGRAMS

The Customized Training Program supports the economic development efforts of the State by providing education and training opportunities for eligible businesses and industries. Amended in 2008, this program integrated the New and Expanding Industry Training Program and the Customized Industry Training Program to more effectively respond to business and industry needs. The Customized Training Program also includes the former Focused Industry Training Program and shall offer programs and training services to assist new and existing business and industry to remain productive, profitable, and within the State (NCCCS website).

The ability of the College to provide training that ensures the presence of a well-trained workforce is paramount to the success of the College's community. This program is designed to react quickly to the needs of businesses and to respect the confidential nature of proprietary processes and information within those businesses.

In order to receive assistance, eligible businesses and industries must demonstrate two or more of the following criteria:

- The business is making an appreciable capital investment;
- The business is deploying new technology;
- The business is creating jobs, expanding an existing workforce, or enhancing the productivity and profitability of the operations within the State; and,
- The skills of the workers will be enhanced by the assistance.

Below is Customized Training Program data effective 09-10. For data on New and Expanding Industry and Focused Industry Training, please refer to previous Factbooks.

Customized Training Program				09-10
# Industries Served				2
Duplicated Enrollment				63
Budget				\$47,496

SMALL BUSINESS CENTER

Program delivers technical and managerial assistance to small business owners and prospective owners and their employees.

Small Business Center	06-07	07-08	08-09	09-10
Enrollment	660	645	616	542
Clients Counseled	120*	136*	70	66
Seminars/Workshops	47	57	47	37
Budget	\$95,143	\$94,342	\$92,218	\$91,038

**Includes Counseling Sessions and Referrals. Report changed for 08/09.
Source of data: Small Business Center Annual Report for the period 7/1/09-6/30/10.*

BUSINESS DEVELOPMENT AND ENTREPRENEURSHIP CENTER

Piedmont Community College operates the Business Development and Entrepreneurship Center, located at 105 North Main Street in Uptown Roxboro. The Center contains a small business incubator and the Small Business Center. Its function is to provide entrepreneurs, small businesses, and individuals interested in operating their own business, with resources and training that help businesses succeed.

Tenant rents and fees, as well as appropriations from Person County and the City of Roxboro, fund the BDEC. During the 16 years that the BDEC has been in operation, twenty-eight business tenants have been served. Twenty-five have graduated and only one has ceased operations while still a tenant in the BDEC. The BDEC rents office space and provides support services to the Roxboro Development Group and also leases the display windows.

The BDEC also houses a computer training lab, a business resource library and the College's Small Business Center counselor. A wide variety of classroom and online courses are offered to both the general public and local industry. Specialized programs have been developed for governmental and industry groups.

HUMAN RESOURCES DEVELOPMENT/WORKFORCE INVESTMENT ACT

The Human Resources Development (HRD) Program prepares and assists students in finding employment and provides counselling, referral and educational support services for Workforce Investment Act (WIA) participants. The following are key grants that HRD has received for the last four years.

Fiscal Year Grants received by PCC and operated through HRD/WIA Program:

06/07	“Career Readiness Certificate (CRC),” “Youth Employment Services (YES),” “Achievement Through Curriculum (ACT),” “Dislocated Worker—Collins & Aikman,” and “Dislocated Worker.”
07/08	“Pathways for Success,” “Youth Employment Services (YES),” “Achievement Through Curriculum (ACT),” “Dislocated Worker-Alsco,” “Dislocated Worker,” and Joblink Level II Funds.
08/09	“Pathways for Success,” “Youth Employment Services (YES),” “Dislocated Worker,” “Achievement Through Curriculum (ACT),” “ARRA Summer Youth Employment Services,” “ARRA Dislocated Worker,” “ARRA Achievement Through Curriculum (ACT),” and Joblink Level II Funds.
09/10	“Pathways for Success,” “Youth Employment Services (YES),” “Youth Employment Services Stimulus,” “Achievement Through Curriculum-Adult (ACT),” “Achievement Through Curriculum-Adult (ACT) Stimulus,” “Project Skill-up,” “Dislocated Worker,” “Dislocated Worker Stimulus,” and “JobsNow12-in-6.”

Continuing Education FY 2009-2010 in Review

- During CY 2010, the Continuing Education Division continued to experience increases in occupational extension Budget FTE enrollment growth. Budget FTE for Occupational Extension courses increased 37% over the previous year. This increase was impacted by three major factors: continuing growth in enrollment of students into Occupational Extension, growth in enrollment of dislocated workers into the Human Resources Development (HRD) Program and increases in law enforcement training, medical and emergency services related classes and new class offerings.
- The Adult Basic Skills (ABS) Program continues to be one of the larger programs in Continuing Education. ABS experienced a 1% increase in FTE over the previous academic year.
- Enrollment in online GED has continued to grow. Currently over 100 students are enrolled in GED online.
- Piedmont Community College continues to deliver the BioWork Process Technician courses in order to meet the need for trained biotechnology workers. The College also implemented a hybrid option for delivering BioWork training.
- The Professional Truck Driver Training program, offered in cooperation with the SAGE Corporation, began in November 2002 and has served over 600 students. The course includes 120-hours of classroom instruction, plus 46 hours of driving range, over-the-road instruction and the CDL Class-A DMV exam. Students can complete a 5-week day course or an 8-week evening course. Two refresher courses are also offered for students who have held a CDL Class A license in the past. One course offers 56-hours classroom and 24 hours range/road/exam instruction. The other refresher course is for students who currently have a CDL Class A license and need refresher training and the course consists of 20-hours classroom and 20 hours range/road instruction.
- The College continues to work with different partners in order to expand facility space. The College's Occupational Extension and HRD programs continue to fully utilize the Workforce Training Center facility which is located on Morgan Street. During the 2009-2010 fiscal year, approximately 1,600 HRD students were served at this facility. A variety of class offerings include: Orientation to Welding, CDL-Class B, Health Care Careers and BioWork Hybrid, Keyboarding and Computer Skills Training for the Job Seeker, Ready to Work, Orientation to Online Learning, English as a Second Language, KeyTrain, Networks. In addition to the HRD classes offered, the College offered many classes for public safety training. These classes included Medical Coding and Billing, Paramedic, Medical Responder, EMT Basic, CPR and First Aid.
- To date, the College has issued over 1,300 NC Career Readiness Certificates.
- A College student won the award for the Angela Moore Trodgon Basic Skills Student of the Year.
- A College student won the Governor's Award for Outstanding WIA Youth Participant of the Year.

Current Curriculum Programs

Business Studies and Emerging Technologies (2010)

The Business Studies and Emerging Technologies Division offers curriculum in the following areas: Accounting, Biotechnology, Business Administration, Business Administration – E-Commerce, Business Administration – International Business, Computer Information Technology, Computer Programming, Information Systems Security, Laboratory Technology, Medical Office Administration, Office Administration, and Web Technologies. The Business Studies and Emerging Technologies curricula prepare students for training in traditional business, international business, and business support areas in industry and government organizations. The Business Studies and Emerging Technologies curricula also prepare individuals to work in occupations whose focus is on laboratory analysis, data analysis, and application techniques in biological, chemical, and environmental settings. All programs include appropriate technology components and other essential workplace skills, such as communication, critical thinking, problem solving, and team building. Some of the programs include opportunities for practical work experiences through cooperative education arrangements with local employers.

The division now offers five associate degrees, five diplomas, and 11 certificate programs through distance education. The Associate in Applied Science degrees and diplomas offered by distance education include: Accounting, Business Administration, Business Administration-E-Commerce, Computer Information Systems, and Web Technologies. Certificates offered through distance education include: Accounting, Business Administration, Business Administration-Small Business Management, Business Administration-Small Business Start-Up, Marketing, Business Administration-E-Commerce, Comp TIA: A+ and Network+, Web Technologies, Site Designer, Web Technician, Web Application Developer.

In Spring 2010, 32 students received the Medical Coding certificate. The Medical Coding certificate began in Fall, 2009 with funding from a WIRED (Workforce Innovation in Regional Economic Development) grant for the Caswell County Campus. Due to the requests for medical coding, the certificate was offered on both campuses. Upon completion of the certificate, students are eligible to sit for the medical coding exam to become certified professional coders (CPC). The Medical Coding certificate was offered again this fall at both campuses and continues to maintain strong enrollment numbers.

Gateway to a New Career, a new program that allows students to complete a semester of coursework in Accounting and Business Administration in two evenings, still continues to be very successful. These classes have the highest enrollment numbers in the history of evening

classes at the Caswell Campus for Business and Accounting. Two of the courses are offered in the Distance Learning Room and the other two are offered at the Caswell Campus. Gateway to a New Career will continue for Spring 2011.

Dr. Fenwick English, the R. Wendell Eaves Senior Distinguished Professor of Educational Leadership for UNC-CH, and Professor Cheryl Bolton, a Senior Lecturer in Education for the Institute for Education Policy Research at Staffordshire University, United Kingdom, visited PCC in December, 2009. Professor Bolton and Dr. English were conducting research on the community college system in American and Further Education (the UK version of the American community college system). Dr. English and Professor Bolton met and talked with Business Administration faculty, the Dean and VP. Professor Bolton did a presentation for the students, faculty and staff on Further Education in the UK. The students at PCC asked several great questions and were surprised at the price of fuel in US dollars in the UK.

A diploma and a certificate were added for the Biotechnology program and for the Laboratory Technology program. Students are currently working toward the certificates and diplomas.

Computer Ethics, CTS 210, was added to the IT programs as an alternative for the coop. Computer Ethics introduces students to current legal and ethical issues in the computer/engineering field. Some of the topics include: moral reasoning, ethical standards, intellectual property, social issues, encryption, software piracy, constitutional issues and public policy in related matters.

Healthcare Management Technology (HMT) will be added as a new program effective Spring 2011. The curriculum is designed to prepare students for employment in healthcare business and financial operations. The HMT AAS degree qualifies graduates for employment in healthcare settings including hospitals, medical offices, clinics, long-term care facilities, and insurance companies. Upon the completion of the HMT degree with a combination of a minimum of two years of administrative experience, graduates are eligible to sit for several national exams for healthcare certifications.

Summer Opportunities

The BSET summer camps were very successful this past summer. BSET offered two new IT camps: Electronics Engineering and CSI: Computer Forensics. The new camps were popular and completely full. The Young Peoples' Ecology and Biotechnology Exploration Camp (YPEBEC) was

held again this past summer. The camps were open to rising 6th and 7th graders. Students received a certificate of completion for attending the camps. There was no cost to participants.

Caswell County Campus Programs

The Caswell County campus is the focal point for many Caswell County activities. Community groups, service groups, civic groups, and a variety of volunteer organizations use the campus to stage special functions and other community activities. Area agencies, businesses and other groups also use the facilities for seminars and training sessions. In addition to a continually expanding variety of on-campus courses and programs offered by the College, there is also an extensive number of courses and programs offered at remote sites throughout the county that are administered through the Caswell County Campus.

The College assists area industries by providing pre-employment and other training at the College as well as in-plant training. Expanding partnerships with county employers and agencies constantly improve the College's ability to meet community needs. The campus continues to house the Caswell County office of the Employment Security Commission and is the site for the Caswell County Job Link Center. The College has formed partnerships with the Caswell County Board of Education, Chamber of Commerce, public library, industries, businesses, correctional units, and other area agencies and community groups to deliver programs of benefit to a large cross-section of Caswell County residents. Another aspect of the College's continued commitment to meet community needs includes working closely with county law enforcement,

fire and emergency services providers to deliver up-to-date training and certification programs for their personnel.

On the average, the College has 300 BYHS students taking college courses each academic year. These students earn college credit while also earning credits toward a high school diploma.

The Cosmetology curriculum is designed to provide competency based knowledge, scientific principles and hands-on fundamentals associated with the hairdressing industry. Students receive instruction in all phases of professional imaging, hair design, chemical processes, skin care, nail care, multi-cultural practices, business/ computer principles, product knowledge and other selected topics. Courses are taught in a new state-of-the-art classroom and lab. Students receive training in a simulated salon environment which enables students to develop manipulative skills. Employment opportunities are available in beauty salons as a skin/nail specialist, platform artist and in related businesses. Currently, there are curriculum and high school students enrolled in the program.

The Film and Video Production Technology (FVPT) students receive instruction in the technical phases of film and video production. This includes in-depth instruction in camera operation, sound recording, set construction, lighting and electrical procedures, gripping, make-up and wardrobe, location management, and editing. Classes are conducted using state-of-the-art equipment. The FVPT program, which includes extensive general education requirements, prepares graduates for high paying, desirable jobs and helps build the infrastructure for North Carolina's film industry. One of the most outstanding features of the program is the very high quality of its adjunct faculty. Our current cadre of adjunct instructors have been recruited from among the best working professionals in the industry. The classroom work is reinforced by student work in the studio and on location with projects throughout the region. The emphasis of the program is to provide a professional, job-oriented course of study that duplicates many of the actual conditions that students will experience when they begin work in the film and video industry. All equipment is industry-standard, the same gear that students will find in use when they begin work in the field.

The Office Administration program is another associate degree program offered in its entirety on the Caswell County Campus. The program provides students with extensive training in the use of computer hardware and software. These computer courses are taught in two state-of-the-art computer labs having a total of 40 computer stations. The OA program prepares students for the work place by allowing them to develop current office skills, which are in great demand. Additionally, many of these computer courses are available to students at BYHS through the provisions of the Huskins Bill.

The Digital Effects and Animation Technology (DEAT) curriculum is designed to provide students with the training necessary to become competent in creating, manipulating, and animating digital images. These skills have application in the production of a variety of moving image forms. Students take courses covering computer hardware/software applications, computer

animation, creation and manipulation of digital images and nonlinear editing. They learn to use media industry standard hardware/software to generate and manipulate images and create digital special effects. Upon completion of this program, students will be able to generate moving images and manipulate captured images for a variety of media production applications. Graduates should qualify for employment in the creation and/or editing of a variety of media forms such as film, video, television, computer games, animation, and Internet based media.

In addition to the associate degree, a certificate in Graphic Design was added to course offering for the DEAT program in Spring 2010. This certificate provides opportunities for students to learn more about the field of Digital Animation and Effects while gaining the basic skill set to seek entry level work in the field.

Correction Education

Piedmont Community College provides instruction leading to diplomas and certificates at three area correctional facilities for a total of eight correction education curriculum programs. The Correction Education Program experienced budgetary cuts across the state during the 2010-2011 fiscal year, which resulted in the college reducing the number of curriculum program offerings at our satellite location for the Dan River Prison Work Farm.

Another factor influencing corrections education programs involves the Orange County Correctional Center. This facility is in the service area of Durham Technical Community College (DTCC). DTCC has voiced a desire to take over these programs, however, the agreement allowing PCC to continue to serve Orange County Correctional Center remains in effect.

General Education and Developmental Studies

The General Education and Developmental Studies area offers curriculum in two primary areas: University Transfer and Developmental Studies. The General Education and Developmental Studies curricula prepares students for curriculum-level classes and provides the core general knowledge needed for academic and professional success.

The distance learning opportunities at the College continue to expand. The division now offers six associate degrees, four diplomas, and seven certificate programs through distance education. These degrees by distance include the Associate in Arts and Associate in General Education. Most courses are available via an online or hybrid format, offering students the opportunity to take most of their classes at a remote location.

The Academic Success Center (ASC), a vital part of General Education and Developmental Studies, as well as all other curriculum programs. Its mission is to enhance academic success of students by providing diverse educational services and activities in a learning-centered environment. Services are provided to curriculum students at no charge and include: general-purpose computer labs, instructional support and tutoring for coursework, Supplemental Instruction, academic workshops, writing centers, and study areas. Students are also encouraged to take advantage of assistance with learning to use the computer, and with writing and studying effectively. Additionally, the ASC has a Testing Center where students take make-up tests for on-campus classes. The Academic Success Centers are located on the Person County Campus and the Caswell County Campus.

Summer Opportunities

The College continues to offer some unique experiences for students during the summer term even though to do so is very challenging from a budget perspective. Community Colleges receive no funding for curriculum courses and programs offered during the summer. Offerings will be kept to a minimum during the upcoming summer semester due to budget constraints. We hope to have some grant funding that will allow us to continue to offer summer camps for local middle and high school children.

Technical and Occupational Curriculum Programs

The Technical and Occupational Programs division offers a wide variety of technical and occupational programs leading to exciting and challenging careers for today’s workforce.

The programs areas continue to meet the needs of the students and community as innovation and technology changes around us. The Technical Education Building will be celebrating its one year anniversary in December, 2010 and its presence on the campus has proved to be a great asset. It has been most beneficial with regards to classroom space for the Electrical/Electronics Technology, Electrical Power Production Technology (EPPT), and Facility Maintenance Technology programs, as well as, a multi-purpose space for community use. This space was one of the major focal points for the College’s 40th Anniversary Celebration with visitors utilizing the multi-purpose area, as well as, many taking a tour of the new classrooms.

As innovation continues to lead the College’s vision, the Technical and Occupational Programs has three representatives working with the NCCCS Code Green Super Curriculum Improvement Project (CIP) as they venture to GO GREEN! Our participants are working in the areas of Building, Energy and Engineering. In addition to this Green venture, our very own Carpentry program will be introducing two new courses for the spring 2011 related to sustainability and green building concepts.

The College continues to maintain a strong enrollment in cooperative courses in partnership with Person County Schools. The postsecondary opportunities for our local high school students include Dual Enrollment, Learn & Earn Online (LEO), 11 Huskins offerings and PCC Release.

Health Sciences and Human Services

The Health Sciences and Human Services division offers curriculum in the following areas:

Associate Degree Nursing, Human Services Technology, Medical Assisting, Nursing Assistant, and Phlebotomy.

- Associate Degree Nursing – The nursing program continues to run at full capacity. In the fall 2010 semester, 45 students were admitted and 29 progressed to second year. Beginning in the fall of 2011, applicants to the program will be required to have current certification as a Nursing Assistant I.
- Human Services Technology – This curriculum continues to offer careers with plenty of job availability. There are currently 47 students enrolled in Human Services classes.
- Medical Assisting – There is currently a great need for Medical Assistants in the workplace. With 40 students in the program, the new lab and classroom areas are providing much needed space. Graduates of this program will have numerous jobs opportunities for which to apply.
- Nursing Assistant – In response to the continued high demand for nursing assistants and the new requirement in the nursing program, there will be five offerings of the Nursing Assistant I course in the spring of 2011. These will include a new afternoon course and a second weekend offering.
- Phlebotomy – The phlebotomy courses remain full each semester. Faculty and students are enjoying the new lab and classroom. The additional space has provided a better learning environment for everyone.
